Hello West Park Elementary Families!

I want to personally thank each and every member of our WPE community for your support over the past few months. Distance learning was no easy task, but your feedback and tireless efforts in supporting our students has been nothing short of incredible. We pride ourselves in being a school family and proved we can accomplish anything together.

As we head into summer, there are still several pieces being worked out concerning how school will look next year. I will be sending out communication throughout the summer as details are cemented and information becomes available. Please know that every decision being made will have the safety and well-being of our students, staff, and families at the forefront. In addition, through methods such as surveys your feedback and suggestions will be collected to help with the planning process.

Tentative dates and details are below to help with planning for next year.

As always, I am available for any questions or feedback. Please do not hesitate to reach out for anything you may need.

Have a great summer!
